

## 2016 Planète Française Monthly #3-May ☀

Welcome to the PF Summer Camp Blog where you will find the latest and greatest monthly updates until the start of 2016 camp season. May is a beautiful time of the year to celebrate. May the 4<sup>th</sup> be with you, Happy Mother's Day and Happy Victoria Day, to name a few! It is also a time to marvel nature as she presents an array of colours, which almost magically appear to budding flowers and trees. This is a perfect month to review our wonderful camp week called **Celebration Planet (Jul 18-22)**. During this 5-day camp, we are setting up a spectacular itinerary for campers to discover how societies around the world celebrate people, nature and historical events. Each day will highlight a new celebration from one of the four corners of our planet through dance, songs, beautiful crafts, games and tasty treats. We will cover the Summer Solstice in Northern Europe and Quebec, Brazil's Carnival, Japan's Children's Day and of course, Canada Day. We will end the week creating our very own PF French-Immersion Celebration Day.

A special note: If all of this celebrating wasn't enticing enough, maybe our ENHANCED treat making component will sweeten the week. Green-Food Planet (Aug 8-12) is FULL. Due to the popularity of this raw food cooking week, we have now included a dessert making component within our Celebration Planet (July 18-22) at our Earl Haig Jr. P.S Campus. Please join us this summer at Planète Française for action-packed, unique and fun-filled French learning. Most weeks have spaces still left! **Mille Merci, Wanda Srdoc - Founder and Director, PF**

---

**IT's true! Planète Française is growing better each season because of input from you!** 😊

**MORNING CAMP TRANSFER PROGRAM** - We want to make the mornings hassle free! In this summer camp season, we are very happy to launch our Early BIRD Pick-ups near select neighborhood schools, especially those deemed further away from our main campus locations. This service is the low cost of AM Extended care (\$35/\$28) and it includes 1 hour of pre-camp activities and care. Please inquire if your neighborhood is part of this safe and convenient option.

**ENHANCEMENTS to French Literacy** - Our Affordable After-Camp Reading Club now includes support for writing development. We have a library full of options for every level and we encourage campers to bring their favorite books in as well.

**NEW ENHANCEMENTS TO Celebrations PLANET** - **Green-Food Planet (Aug 8-12) is NOW FULL.** Due to the popularity of this raw food cooking week, there will be a modified cooking program within our Celebration Planet (July 18-22) at the Earl Haig Jr. P.S. Campus. This enhancement will include some great special guests and healthy but seriously delicious dessert making to coincide to daily celebrations.

**BENEFITS**

Register now for all sessions and get the benefits of multi-camp and multi-sibling discount. Each registered camper will receive a take-home draw-string **Planète Française** BAG - Perfect for taking along when we explore the local beaches, pools and parks.

**SPECIAL GUESTS deserve special thanks** - Our thanks go out to the LOCAL community who support **Planète Française**. This month, a super big thank you to the talented artists from **George Brown College**. We love the enthusiasm, positive energy and creativity of your team. Many weeks over the camp season, campers are given a planet and child safe magical make-over. Our gratitude for organizing the best of the best from George Brown is - **Karen McLachlan, Manager, School of Makeup and Esthetics, George Brown College**. The campers always have an excellent day when you and your team visits!

Look out for our next blog - June 2016. We will talk about ALL PLANETS, final preparations for camp, our Special Guest and Children's Food Ambassador...plus so much more!

**THE PF 2016 Summer Camp Season: JULY 11 - AUGUST 19.**
